Are you interested in wearing contact lenses? ☐ Yes ☐ No If yes, please read the following information regarding contact lenses.

Eye Elements prescribes quality contact lenses to improve your vision and your lifestyle. Contact lenses are FDA regulated medical devices that can cause discomfort, infections, and even permanent vision loss if not cared for properly. New and existing contact lens wearers require additional time and testing during an eye examination to minimize the risk of serious eye problems. This additional testing is only done for contact lens wearers, not for patients who do not wear contact lenses. For this reason, there are additional contact lens evaluation and services fees for new and existing contact lens wearers. Your contact lens evaluation and services fee includes:

1. Specific curvature measurements of the corneas
2. Evaluation of current and new lenses to ensure optimal fit, vision and comfort
3. Medical assessment of the cornea, tear film and conjunctiva as they relate to contact lens wear
4. Instructions regarding safe contact lens wear, care and proper cleaning and solutions
5. Contact lens follow up care for 90 days

If you have any questions, please do not hesitate to speak with your doctor.

Payment for all services and products is the responsibility of the patient.
